

JuggleMedia

Our partnership with JuggleMedia will provide three Alumni with the chance to work in the world of social media. Two interns will have the opportunity to work to monetize a currently popular program created for the Wichita Area by Juggle Media. The other position is a part time position with many more responsibilities and the chance to actually work with clients, and learn more about the business side of the social media. If you are interested in learning more about how to turn social media into a career this is the partnership for you

This partnership will be a two month (June and July) commitment, and upon being chosen for an interview you will be able to work around other scheduling conflicts to create a schedule that works for everyone.
