

Kansas World Trade Center

At the Kansas World Trade Center they strive to promote & facilitate international trade for US and foreign entities through consultation, education, communication, research and assistance. If you are selected for the partnership you will get the chance to learn more about the world of trade, and how trade is beneficial to all when done right. You will get to work towards the growth and commerce of Kansas businesses. In the past those chosen for the partnership have been asked to be there M-F for two weeks from 8-5. This is a chance for you to really have the chance to learn how to use the innovational thinking you learned in the class in a real world environment.

More info to come
