## **Parental Financial Analysis**

### **Custodial Parent**

If your parents are divorced or separated, answer the questions for the parent you lived with the most in the past 12 months. If you lived with both parents an equal number of days in the past 12 months, you would count the parent who provided you with the greatest amount of support, financial as well as material. Material things would include cars, clothing, medical and dental payment, etc. If that parent has remarried, you must include the stepparent's information.

Note: If family has divorced or separated within the past five years and the custodial parent has not remarried, applicant must provide financial information of non-custodial parent. If whereabouts are unknown or non-custodial parent is unwilling to comply, please explain in parental statement.

### **Parental Statement**

Please provide additional information requested in items G and I, and under Custodial Parent.
